Hey Rob,

I was just emailing to make sure we are set for the event this weekend on the 28th for UMDNJ at the Hyatt in New Brunswick. I attached a list of songs that you may want to play during dinner and earlier in the evening when the teachers and staff are still in attendance. You have always done a great job with your song selection, but I thought this may help you a bit! Feel free to do what you think is best! Thanks and see you on Saturday with a final check payment.
